SD4842P EQ USB-C® 10Gbps Triple Video Driverless Docking Station with 100W Power Delivery

The sustainable dock for triple screens.

K32810EU

Product Description

Ideal for professionals requiring a plug-and-play docking solution for USB-C laptops and organizations putting sustainability at the forefront, the SD4842P USB-C® 10Gbps Triple Video Docking Station amplifies visual productivity.

Aimed at reducing our environmental impact, all the plastic material used in the SD4842P is composed of up to 70% post-consumer recycled content (PCR). The SD4842P supports up to 3 external Full HD monitors (1080p @ 120Hz) via 1 x DP and 2 x HDMI® connections. The dock also eliminates the need for cumbersome adapters, charging connected accessories without relying on a host laptop connection.

Expand your screens with an effortless dock that will enhance your workflow.
