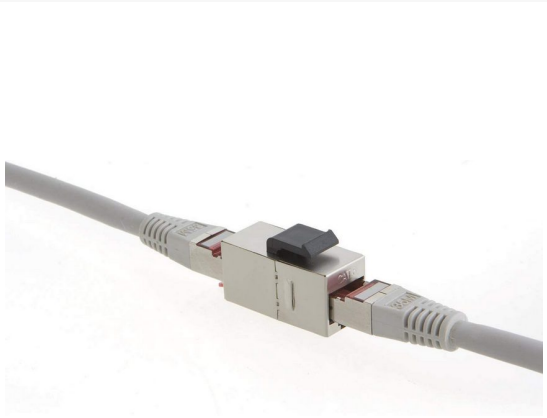
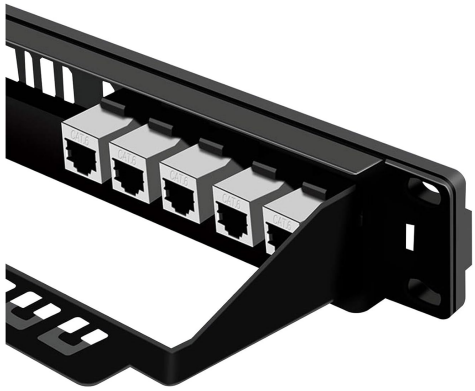
125590 Cat.6 Shielded Keystone Inline Coupler, 8pcs/Set

Product Images





Short Description

- RJ45 Jack x 2 (8P8C)
- Pin configuration: 1:1

- Gold Flash Contact
- ISO/IEC 11801, EN 50173, EIA/TIA 568-C
  Suitable for PoE, PoE+, PoE++
- 250MHz performance Bandwidth
- Transmission: 1Gbit
- Shielded
- Snap-in mounting
- Selling Unit: 8pcs/set

Description

The Cat.6 Shielded Keystone Inline Coupler is designed for high-performance networking applications, providing a reliable and efficient way to extend or connect Cat.6 Ethernet cables. Featuring a durable, shielded housing, it helps minimize signal interference and ensures stable data transmission, making it ideal for environments with high electromagnetic interference (EMI). This keystone-style coupler is compatible with standard keystone wall plates and patch panels, allowing for easy installation in structured cabling systems.

It supports Gigabit Ethernet and other high-speed network applications, ensuring optimal connectivity and performance. Perfect for both home and professional networking setups, this coupler offers a secure and seamless cable extension solution.

Additional Information

Color	Silver
EAN	4015867240908
Model Number	125590
Approval and Compliance	CE, ROHS
Package Contents	Cat.6 Shielded Keystone Inline Coupler, 8pcs/pack
Dimensions (W x D x H)	17 x 35.5 x 24.4 mm
Product weight (kg)	0.013
Category	Cat.6
