

767223 Cat.6A Slim Keystone Jack, Toolfree, Shielded, 8pcs/set

Product Images

Short Description

- Gold Flash Contact
- Cable Wire Gauge: 22AWG ~ 26AWG
- Toolless type, easy installation
- 500MHz performance Bandwidth
- Transmission: 10Gbit
- Suitable for PoE, PoE+, PoE++
- LSA Connector
- IDC T568A/T568B Color Coded
- Shielded

- Class E according to ISO/IEC 11801 and EN50173
- Selling Unit: 8pcs/Pack

Description

The Cat.6A Slim Keystone Jack is a high-performance, tool-free, shielded connector designed for efficient and reliable networking. Its slim profile allows for easy installation in high-density environments, making it ideal for data centers and structured cabling systems.

The tool-free design simplifies termination, reducing installation time while ensuring a secure and stable connection. With robust shielding, it minimizes electromagnetic interference (EMI) and ensures optimal signal integrity for 10 Gigabit Ethernet applications. Compatible with standard keystone wall plates and patch panels, this jack provides a space-saving and high-speed networking solution for both commercial and residential setups.
