SmartFit™

Most monitor arms require significant effort to reposition displays. This presents an ergonomic challenge for professionals using shared workspaces.

The SmartFit™ Dual Monitor Arm with Crossbar and Handle allows users to fine-tune ergonomic positioning with less physical exertion. A hand grip offers effortless monitor adjustments, allowing users to smoothly raise or lower their monitors using the lightest of touches. The counterbalancing gas spring makes even the heaviest dual-monitor configurations feel weightless, so anyone can quickly adapt the workstation to fit their unique needs and preferences.

Whether users need to raise their displays to reduce neck strain, tilt them for better visibility, or reorient the layout for a collaborative session, an easy-grip handle puts the power of ergonomic customization right at their fingertips.

Features include:

- SmartFit™ simplifies proper ergonomic positioning
- Easy-grip handle provides convenient monitor adjustments
- Offers separate horizontal adjustments for each monitor
- Gas spring supports effortless height adjustments
- Accommodates up to two 32" monitors weighing up to 19.8lbs (9kg) each
- Adjustable tilt, swivel, and rotation for comfort and productivity
- C-clamp or grommet mount base supports a hassle-free installation
- 5-year limited warranty

SmartFit™ – Comfort Made Easy

Supports proper ergonomic eye-level viewing angles, as well as improved neck and shoulder alignment. Uses data-driven research and a color-coded fitting chart to support quick and intuitive height-setting.

Easy-Grip Handle

Effortlessly position your monitors exactly where you want them with the easy-grip handle.

Curved Horizontal Rail with Sliding Monitor Bar

Supports separate horizontal adjustment for each monitor, allowing you to effortlessly achieve perfect viewing angles for a comfortable and productive workspace. Offers $\pm 10^\circ$ tilt, $\pm 10^\circ$ swivel $\pm 10^\circ$, and $\pm 180^\circ$ rotation.

Gas Spring Mechanism

Ensures smooth and easy height adjustments with less physical effort, supporting ergonomic comfort throughout your workday.

Dual Monitor Support

Securely accommodates two side-by-side 32" monitors weighing up to 19.8lbs (9kg) each, using a VESA® (75/100) standard mounting hole pattern.

C-Clamp or Grommet Mount

Easily attaching to desks and tables, the c-clamp or grommet mount base supports a hassle-free installation and provides stable monitor support.
