USB4 40Gbps Cable

| 40Gbps | PD100W 240W | 8K@60HZ | COXIAL | CHIPSET |

Short Description

- USB 4 Gen 3
- USB-C-C Male （Compatible TB3 & TB4)
- 40Gbps data transfer rate
- With E-mark Chipset
- Resolution: up to 8K@60 Hz
- Support DP Alt Mode
- Support of USB Power Delivery (PD) 240W
- Gold Plated Connectors for high signal quality
- Double shielding for error-free data transfer
- Flat ribbon cable
- Aluminum casing

Description

The Equip 128410 USB4 Gen 3 C to C Flat Cable. Engineered for power users, this

advanced cable delivers blazing-fast data transfer rates up to 40Gbps, perfect for ultra-high-speed file transfers, seamless video streaming, and high-bandwidth device communication. It supports 8K/60Hz video output, enabling crystal-clear resolution for external monitors, professional displays, and immersive multimedia setups.

Built for modern power demands, this cable offers Power Delivery up to 240W (48V/5A)—ideal for charging high-performance laptops, docking stations, and power-hungry USB-C devices. The flat, tangle-free design ensures maximum portability and durability, making it the perfect companion for home, office, or travel use.

Designed with full USB4 backward compatibility, it supports Thunderbolt 3, USB 3.2, and USB 2.0 protocols for unmatched flexibility across devices. Whether you're connecting to a workstation, gaming rig, or USB-C monitor, this cable ensures flawless performance and future-ready reliability.
