

USB-C® Charging Cabinet

Secure USB-C® charging made simple.

K67716EU

Product Description

In today's busy environments, educators, corporate professionals and healthcare workers face significant challenges in managing multiple tablets, smartphones, headphones and power banks. Unsecured devices risk theft or damage, while slow charging leads to frustrating downtime.

The Kensington USB-C® Charging Cabinet effectively addresses these challenges by offering a secure and efficient solution that transforms device management.

Delivering rapid charging and robust protection from theft and overheating, this cabinet empowers users to focus on their work, enhancing productivity and user satisfaction.

Features

- Rapidly charges tablets, smartphones and headphones simultaneously.
- Lockable cabinet safeguards devices against theft and damage.
- Supports USB-C® devices (up to 18W) without the need for adapters.
- Accommodates up to 10 devices via adjustable shelving.
- Tamper-resistant door enhances security.
- Integrated smart cooling system prevents overheating.
- LED indicators provide real-time charging status updates.
- Meets ISO/IEC 270001 standards for data protection.
- 1-year limited warranty.
