

Ergo-Q 330 Circular

The Ergo-Q 330 Circular is a stable mobile laptop stand with integrated document holder and ensures everywhere a healthy and ergonomic way of working.

The Ergo-Q 330 Circular is a mobile laptop stand with integrated document holder

The Ergo-Q 330 Circular ensures healthy and ergonomic working everywhere. This laptop stand is lightweight and easy to fold into a compact size, making it ideal to take with you. By raising your laptop screen to an optimal height and viewing angle, you ensure greater viewing comfort. In addition, the Ergo-Q 330 Circular is made of 96% recycled materials and is fully recyclable.

Ergonomic background

The laptop is not suitable for longer use without external equipment. If the laptop is used for more than two hours at a time, external devices are required to meet legal and best practice requirements. To be able to work comfortably and productively with a laptop for a long time, a laptop stand, an external mouse and an external keyboard are indispensable. If you use an external monitor and place the laptop screen at the same height, both can also be used as a dual screen.
