

MagPro™ Elite Magnetic Privacy Screen Filter for Surface Pro 12"

Ultimate privacy for the Surface Pro 12".

K51721WW

Product Description

The uptake of hybrid working means that the modern workplace is no longer a single, easy-to-secure location. Users can be working anywhere, with an increased chance of visual hacking. Owners of the Surface Pro 12" require a privacy screen filter that can be quickly attached and detached, balancing privacy and collaboration. The MagPro™ Elite Magnetic Privacy Screen attaches seamlessly to the magnetic frame of the Surface Pro requiring no inconvenient adhesives. The privacy filter narrows the viewing angle to limit the chance of unauthorised viewing and reduces harmful blue light & glare to help alleviate eye strain during prolonged use.

Features

- Built in collaboration with Microsoft for exceptional quality, fit and function.
- Uses built-in magnets to seamlessly attach to the Surface Pro frame without the need for adhesives.
- Limited viewing angle narrows the field of vision to $\pm 30^\circ$.
- Blue light reduction filters out harmful rays by up to 52%, easing eye strain and reducing the chances of interrupting sleep patterns.
- Matte finish reduces glare, reflections and fingerprints.
- Touch and Surface Pen compatible, so you can use your Surface Pro just as you would without a privacy screen filter.
- Cleaning cloth and protective case helps to keep screen clean and prevent scratches when not in use.
- Includes 2-year limited warranty.
