

EQ Adjustable Aluminum Laptop Stand

Elevate your workspace, anywhere.

K50428WW

Product Description

Professionals using laptop or tablet-based workstations often face challenges with poor posture, leading to discomfort and reduced productivity. The EQ Adjustable Aluminum Laptop Stand is specifically designed to tackle these issues. With higher lift options than standard risers, it features adjustable height and angle settings, allowing you to elevate your laptop or tablet to a comfortable viewing position—whether at home, on the go, or while using a sit-stand desk. Lightweight and portable, the stand folds flat for easy travel and complements any setup. Additionally, it promotes better airflow to keep your device cooler, making it an ideal companion for a more ergonomic workspace.

Features

- Made from 100% recyclable aluminum* and shipped in FSC® certified packaging. *Aluminum is recyclable, but not always accepted in curbside bins. Check with your local facility and remove all non-aluminum parts before recycling.
- Ultra-slim and lightweight design folds flat for traveling and its space-saving footprint easily adapts to various workstation setups.
- Offers five pre-set height and angle combinations, including higher settings than most risers (up to 9.92in/252mm).
- Designed to enhance comfort and improve posture whether sitting or standing at your desk.
- Durable and stable support for laptops and tablets ranging from 10" to 17", up to 6.6lbs (3kg).
- Helps dissipate heat buildup, keeping your device cooler and reducing strain on its battery and internal components.
