# MULTI - FUNCTION RUGGED CASE

INSTALLATION GUIDE
STEP 1
Using the installation tool provided, remove the front cover by opening the 4 side clips.

STEP 2
From the top of the case, gently peel the silicone rubber exterior away from the hard plastic back plate until the top is exposed.
STEP 3
Place the tablet into the hard plastic back plate making sure it's positioned in the correct orientation.

STEP 4
Reinstall the silicone exterior. Gently ease and adjust the cover until it correctly fitted around all ports, buttons and the camera lens.

STEP 5
To replace the front cover, starting at the sides press each clip back into position.

NOTE
Open: Open the stand and press it into the slot to secure the stand.
Close: Pull the stand when not in use
