- Output Current up to 3A (Max. 27W)
-

Description

The USB-C to Lightning Cable is designed to simplify your charging and syncing needs across multiple Apple devices. Featuring dual USB-C connectors, the cable allows you to power or transfer data to two Lightning-equipped devices at the same time, reducing cable clutter and improving efficiency at home, in the office, or on the go.

A durable braided exterior provides excellent resistance to bending, pulling, and daily wear, extending the cable's lifespan compared to standard PVC cables. Whether you need to charge two iPhones simultaneously or sync data quickly and securely, this dual USB-C to Lightning cable offers a convenient, high-quality solution for modern Apple users.
