

## BE Universal Laptop Holder

**This functional laptop holder is specially designed for mounting on a monitor arm. With space for your laptop, tablet, phone and documents, you can work without clutter on your desk.**

The latest application for your BE Flexible! Now easily use your laptop as a second monitor and keep your desk tidy with the document holder. This laptop carrier is specially designed to be attached to a monitor arm such as BE Flexible. You create a floating, adjustable workstation that is both ergonomic and tidy. So you work comfortably and ergonomically with a laptop without losing space on your desk.

### Ergonomic tips for screen use

#### 1. Screen distance

Provide a viewing distance between 50 and 80 cm (about an arm's length). The ideal distance depends on screen size and resolution. (Source: VGB DGUV Information 215-410, 2019, S. 93)

#### 2. Viewing angle

The viewing angle from your eyes to the centre of the screen should be between  $-10^\circ$  and  $-35^\circ$  from the horizontal. This promotes a natural, relaxed working posture.

## BE Universal Laptop Holder

### Article code

BNEBULH

### Barcode/ EAN-code on product package

8719274678007

### Guarantee period [years]

Lifelong (after registration)
