

Kensington

Desktop & Peripherals Locking Kit 2.0 — Master Keyed

The Security Solution for the Entire Desk

K64425M

Product Description

Kensington, The Professionals' Choice™ for device security for nearly 25 years, has produced the latest standard in multiple-device security – the Desktop & Peripherals Kit 2.0. Engineered to be Kensington's smallest lock for desktop PCs and other devices, the locking kit represents the next generation of desktop device security so you can lock down a computer, two peripheral accessories and a wired keyboard and mouse. Developed using strict specifications, patented technologies, and rigorous testing against tough environmental conditions, the locking kit can stand the test of time in a smaller, compact size without compromise.
